

Sharing

To share something is to use it when someone else is also

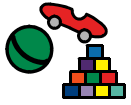

using it. Sharing is a friendly thing to do.

Some things that people might share are:

* Food

* Toys

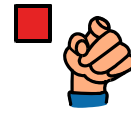

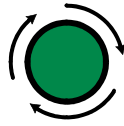

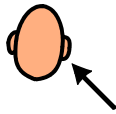

* Games

* Crayons

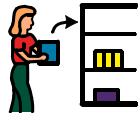

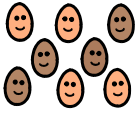

* Paints

Sharing is to let someone have a turn with your things. Some

things are easy to share and other things are hard to share.

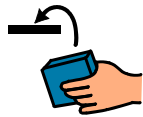

People might choose to put away special things that are hard to

share. This is a smart thing to do. A friendly thing to do is

to leave out some things that are easy to share.

Safe places to put special things at school:

a

* in a backpack

a

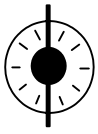

* with a teacher

a

* in a locker

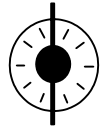

*

at

the

office

Optional:

leave

at

home.
